Free Trees for NYC Homeowners and Community Groups in October!

Through the generous sponsorship of American Express **1,250 FREE trees** will be available for adoption by homeowners and community groups at select locations throughout the five boroughs this October. Trees will be distributed by New York Restoration Project (NYRP). Note – individuals and families are limited to adopting one tree per household; and all tree recipients are required to register their new tree at www.milliontreesnyc.org. Interested community groups that can plant and care for 5-10 trees should contact mcrowley@nyrp.org before October 18th.

For residents who do not have their own yard to plant a tree, information on volunteering, educational programming and contributing to MillionTreesNYC will also be available.

Adopt your FREE tree in October at the following locations, and be one in a million!
