Reforestation is one of 127 initiatives launched in 2007 by Mayor Bloomberg as part of PlaNYC to make New York City greener and more sustainable by 2030. It is a key component of MillionTreesNYC, providing 380,000 of the total trees to be planted in the campaign by 2017. To date, 44% of this reforestation tree goal has been met.

Total Trees Planted: 166,140
Reforestation Trees Planted
Bronx 2007-2009

Number of Trees Planted
- 1 - 99
- 100 - 999
- 1,000 - 4,999
